

Attachment Kit WT 5 for Workpiece Pallets bWT 650/845 mm - Bosch Rexroth 3842554932

Item no. BRR-3842554932

Manufacturer Bosch Rexroth

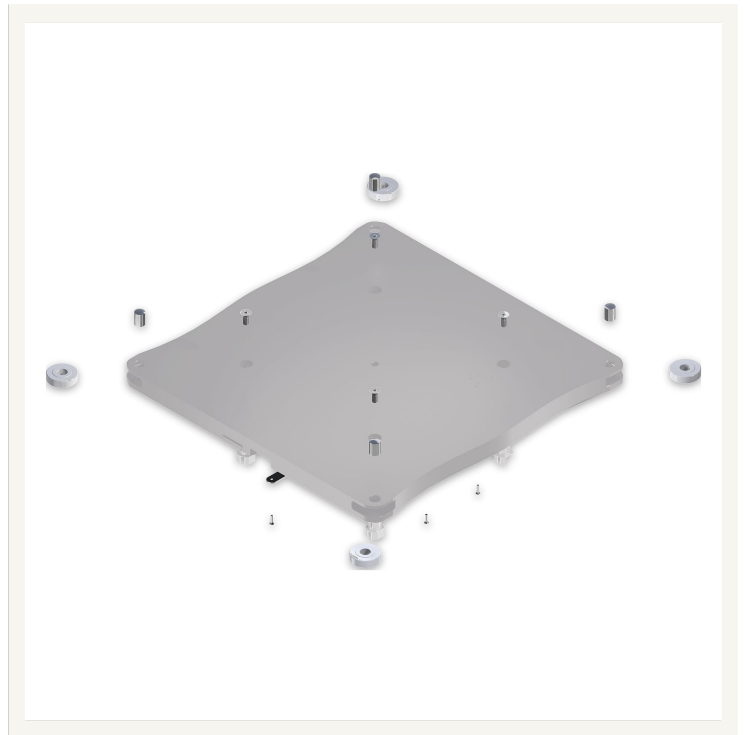

Complete attachment kit for mounting workpiece pallets of width 650 mm and 845 mm on WT 5 transfer systems. The set includes rollers, roller pins, sensor plates, and damping elements for smooth, low-noise pallet travel, plus a positioning bushing kit for precise, repeatable location on the base body.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.1 kg**

DESCRIPTION

Attachment kit 3842554932 supplies all components needed to fit a 650 mm or 845 mm wide workpiece pallet to the Bosch Rexroth WT 5 transfer system in operational condition. Rollers and roller pins provide accurate lateral guidance, sensor plates ensure reliable detection by inductive sensors, and PUR/POM damping elements reduce noise and impact loads when pallets meet each other. The included positioning bushing kit fixes the carrying plate to the base body in a defined position and guarantees a repeatable workpiece pallet entry into the positioning unit.

- 4 rollers for lateral guides - accurate side guidance of the pallet
- 4 roller pins for roller adjustment - individual setting without special tools
- 2 sensor plates - defined signal damping for inductive sensors
- 4 damping elements (PUR/POM) - reduce noise and wear at pallet stops
- Positioning bushing kit - defined fixing of the carrying plate, repeatable pallet entry

TECHNICAL DATA

Parameter	Value
Application	Attachment kit for workpiece pallets, WT 5
Workpiece pallet width bWT	650 mm, 845 mm
Scope of delivery	4x roller, 4x roller pin, 2x sensor plate, 4x damping element, positioning bushing kit

Parameter	Value
Damping element material	PUR/POM
Weight	0.7 kg
Article number	3842554932
