

Motor cable FMK M23 FG8, fully assembled, 15000 mm - Bosch Rexroth 3842562402

Item no. BRR-3842562402

Manufacturer Bosch Rexroth

Fully assembled motor cable FMK M23 FG8 E15 with M23 connectors pre-fitted at both ends for direct connection of servo motors. Supplied at a cable length of 15000 mm, ready for immediate installation in Bosch Rexroth FMK drive systems.

TECHNICAL DATA

HS-Code **74130000**

Weight **0.1 kg**

DESCRIPTION

The FMK M23 FG8 E15 motor cable is a fully assembled connection cable for servo motors in Bosch Rexroth drive systems. Supplied complete with connector and socket already fitted, it eliminates on-site crimping or termination work and reduces installation time significantly.

- 15000 mm cable length - suited for larger machine layouts with extended distances between drive and motor
- M23 connectors fitted at both ends - plug-and-play installation, no additional assembly required
- Part of the Bosch Rexroth FMK cable series - electrically matched to the corresponding servo drive requirements
- Fully assembled cable weight: 4.21 kg

TECHNICAL DATA

Parameter	Value
Type	FMK M23 FG8 E15 CPL
Delivery condition	Fully assembled
Cable length L	15000 mm
Connector type	M23, both ends (connector and socket)
Scope of delivery	Cable with connector and socket

Parameter	Value
Weight (assembled)	4.21 kg
Weight (packaging)	0.10 kg
