

Dosing Valve Set LU 2/V-0.03-D4-1/8 with Plug and Tube Connections - Bosch Rexroth 3842562947

Item no. BRR-3842562947

Manufacturer Bosch Rexroth

Dosing valve set matched to the TS 2plus transfer system central automatic lubrication unit LU 2/P. Includes 2 dosing valves, 2 straight plug connections pre-fitted for hose, and 2 straight tube connections. Adapter sets are complemented by 2 pivot connections supplied in the set.

TECHNICAL DATA

Country of Manufacture	Italy
HS-Code	84818099
Weight	0.1 kg

DESCRIPTION

The LU 2/V-0.03-D4-1/8 dosing valve set is designed for the LU 2/P central automatic lubrication unit on the TS 2plus transfer system. All connection components needed for commissioning are included, eliminating separate procurement of fittings.

- 2 dosing valves LU 2/V-0.03-D4-1/8 for precise lubricant metering
- 2 straight plug connections, pre-fitted for hose - ready to install
- 2 straight tube connections for fixed line routing
- 2 pivot connections for use with adapter sets

TECHNICAL DATA

Attribute	Value
Type designation	LU 2/V-0.03-D4-1/8
Scope of delivery	2x dosing valve, 2x straight plug connection (hose, pre-fitted), 2x straight tube connection, 2x pivot connection
Weight	0.08 kg
System compatibility	TS 2plus transfer system, lubrication unit LU 2/P
