

Strut Profile 40x40L 0N Aluminium Construction Profile - Bosch Rexroth 3842993876

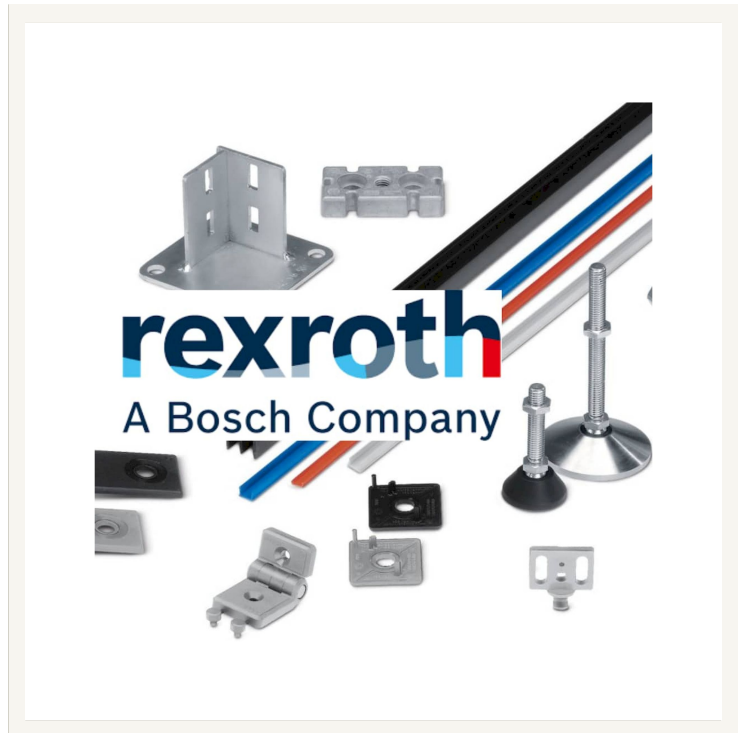

Item no. BRR-3842993876

Manufacturer Bosch Rexroth

Strut profile 40x40L 0N from the Bosch Rexroth aluminium profile system. Designed for strut connections and structural frames in mechanical and plant engineering. Cut to length and combined with matching connectors from the Rexroth profile range.

TECHNICAL DATA

Country of Manufacture	Germany
HS-Code	76042100
Note	Gemäß der aktuellen Preisstruktur werden für Bestellungen von Profilen mit einer Länge von 1500 mm zusätzliche Kosten in Höhe von 80,00 Euro berechnet.
Weight	0.1 kg

DESCRIPTION

The strut profile 40x40L 0N is an aluminium construction profile from the Bosch Rexroth assembly and profile system. It serves as a structural strut in supporting frames, safety guards and machine bases, and is used together with the corresponding profile connectors, brackets and fasteners from the Rexroth system range. The 40x40 mm profile geometry follows the grid pitch of the L series, making it fully compatible with all profiles, connectors and accessories in that series.

- 40x40 mm profile dimension, L series - matches the modular grid of the Rexroth profile system
- Natural surface finish (0N) - untreated, suitable for subsequent machining or coating
- Compatible with the full Bosch Rexroth accessory range for the 40 mm series
- Cut to length - ordered in the required dimension

TECHNICAL DATA

Specification	Value
Description	Strut profile 40x40L 0N
Profile series	40 mm (L series)
Cross-section	40 x 40 mm
Surface finish	0N (natural, untreated)
Material	Aluminium

Specification	Value
Weight	0.100 kg (reference value per order unit)
Article number	3842993876
