DESCRIPTION

The ST 2/R-100 conveyor section is a pre-assembled track element for the Bosch Rexroth TS 2plus transfer system. It accepts accumulating roller chains with or without small-parts protection and is ESD-compatible, making it suitable for electrostatically sensitive manufacturing and assembly processes.

- Configurable length from 60 to 6000 mm - precise fit into existing line layouts
- Delivered pre-assembled - ready to install without additional preparation
- ESD-compatible - safe use in electrostatically sensitive areas
- Natural anodised aluminium track profile - corrosion-resistant and lightweight
- PA 12 and steel guide and sliding profiles - low wear, long service life
