

# Conveyor Section ST 2/R-H, Heavy-Duty Profile - Bosch Rexroth 3842994192

Item no. BRR-3842994192

Manufacturer Bosch Rexroth

Conveyor section ST 2/R-H for use with AS 2/R drive modules and UM 2/R return units. The heavy-duty section profile supports loads up to 30% higher than standard profiles. Available in lengths from 200 mm to 6000 mm.

## TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **76042100**

Weight **0.1 kg**

## DESCRIPTION

The ST 2/R-H conveyor section is a track profile from Bosch Rexroth Assembly Technology, designed for combined operation with AS 2/R drive modules and UM 2/R return units. The reinforced H-profile construction handles section loads up to 30% higher than comparable standard profiles, making it the right choice for assembly and transfer lines with elevated payloads.

- Compatible with AS 2/R drive modules and UM 2/R return units
- H-profile design for increased section load capacity (up to 30% above standard)
- Flexible length range: 200 mm to 6000 mm

## TECHNICAL DATA

| Parameter                | Value      |
|--------------------------|------------|
| Series                   | ST 2/R-H   |
| Minimum length           | 200 mm     |
| Maximum length           | 6000 mm    |
| Compatible drive modules | AS 2/R-... |
| Compatible return units  | UM 2/R-... |
| Article number           | 3842994192 |
