

Cable Management Profile 60x120 with Hinged Cover, Anodised Aluminium - Bosch Rexroth 3842996361

Item no. BRR-3842996361

Manufacturer Bosch Rexroth

Function-integrated aluminium cable management profile in 60x120 mm for routing cables and hoses within assembly systems. The two-part design - base profile and hinged cover opening on both sides - includes a concealed 10 mm groove for socket strips and installation elements. Available in lengths from 100 to 6070 mm.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **76042100**

Weight **0.1 kg**

DESCRIPTION

The Bosch Rexroth 60x120 cable management profile uses the usable interior space of the profile to route cables and hoses in an organised and protected manner within modular assembly and workstation systems. The closed exterior keeps the structure neat while all functional elements remain concealed inside.

- Two-part construction (profile and cover) - straightforward retrofitting and maintenance without full disassembly
- Cover with hinge function on both sides - opens from either side to suit the installation situation
- Concealed 10 mm groove for socket strips and installation elements - integrates electrical installations without exposed fixings
- Screw holes for cover plates; mounts for dividing strips and grounding cables
- Mount for potential equaliser - compliant grounding directly at the profile
- M12 thread in all core holes - versatile mounting options throughout the length
- Variable length 100 to 6070 mm - cut to exact requirement on site
