

Cable Management Profile 40x120x120, Anodized Aluminium, 2-Part - Bosch Rexroth 3842996362

Item no. BRR-3842996362

Manufacturer Bosch Rexroth

Function-integrated aluminium profile for routing cables and hoses within the structural framework of assembly systems. The 2-part design (profile body and hinged cover) includes a concealed 10 mm groove for socket strips and mounts for grounding and potential-equalizer cables. Available cut to length from 100 to 6070 mm.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **76042100**

Weight **0.1 kg**

DESCRIPTION

The Bosch Rexroth cable management profile 40x120x120 integrates cable and hose routing directly into the load-bearing profile structure, eliminating the need for external cable ducts. The closed exterior keeps runs concealed and mechanically protected, while the hinged cover provides tool-free access along the full length.

- Usable interior space for cables and hoses - no separate cable trunking required
- Cover with hinge function on both sides - quick, tool-free access
- Concealed 10 mm groove for socket strips or installation elements
- Screw holes for cover plates; mounts for dividing strips and grounding cables
- Integrated mount for potential equalizer
- M12 thread preparation in all core holes for direct bolted connections
