

Cable Management Profile 60x120 with 2 Open Slots, Anodized Aluminum - Bosch Rexroth 3842996364

Item no. BRR-3842996364

Manufacturer Bosch Rexroth

Function-integrated cable management profile 60x120 for routing cables and hoses inside assembly line structures. The two-part anodized aluminum profile features a hinged cover for quick access while maintaining a closed exterior. Compatible with the Bosch Rexroth aluminum profile system via M12 core-hole threading.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **76042100**

Weight **0.1 kg**

DESCRIPTION

The 60x120 M12/- cable management profile uses the usable interior space of the profile to route cables and hoses cleanly - keeping all wiring concealed behind a closed exterior surface. The two-part construction in anodized aluminum consists of the profile body and a cover that opens on either side via a built-in hinge, allowing fast access without dismantling.

- Concealed 10 mm groove for socket strips and installation elements
- Screw holes for securing cover plates
- Mount points for dividing strips and grounding cables
- Mount for potential equalizer line
- M12 threading in all core holes - integrates directly into the Rexroth profile system

TECHNICAL DATA

Specification	Value
Cross-section	60 x 120 mm
Open slots	2
Minimum length	100 mm
Maximum length	6000 mm
Profile adaptation	M12 in all core holes

Specification	Value
Material	Aluminum, anodized
Delivery unit	1 piece
Recommended accessories	Self-tapping screw 3 842 552 267 (cover fixing), potential equalizer line 3 842 552 234
