

Cable Management Profile 60x120 M12/M12, Anodized Aluminum, 2-Part - Bosch Rexroth 3842996365

Item no. BRR-3842996365

Manufacturer Bosch Rexroth

Function-integrated aluminum profile for routing cables and hoses inside the profile body, eliminating separate cable ducts. The 2-part design (profile and cover) with a double-sided hinge allows quick access while maintaining a closed exterior. Available in lengths from 110 mm to 6000 mm; all core holes prepared to M12.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **76042100**

Weight **0.1 kg**

DESCRIPTION

The Bosch Rexroth cable management profile 60x120 M12/M12 uses the usable interior space of the aluminum profile to route cables and hoses cleanly - no external cable ducts required. Designed for assembly and automation systems, it reduces wiring effort and keeps the installation visually tidy.

- 2-part construction (profile and cover) with hinge function on both sides for fast access to the cable interior
- Concealed 10 mm groove accommodates socket strips or installation elements without external protrusion
- Screw holes for mounting cover plates; closed exterior for a clean system appearance
- Integrated mount for dividing strips, grounding cables, and potential equalizer - no add-on hardware needed
- All core holes prepared for M12 fasteners throughout
- Anodized aluminum: corrosion-resistant, lightweight, and durable
