

Cable Management Profile 120x120 mm, Anodized Aluminum, 2-Part - Bosch Rexroth 3842996366

Item no. BRR-3842996366

Manufacturer Bosch Rexroth

Function-integrated cable management profile for 120x120 mm aluminum construction systems, routing cables and hoses through the usable interior space of the profile itself. The two-part system (profile and cover) features a hinge-action cover that opens from either side; all core holes are pre-tapped M12 and lengths from 100 mm to 6000 mm are available.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **76042100**

Weight **0.1 kg**

DESCRIPTION

The 120x120 cable management profile integrates cable and hose routing directly into the profile cross-section, eliminating the need for external cable ducts and keeping the structure surface clean. Anodized aluminum construction provides lasting corrosion resistance in assembly and automation environments.

- Usable interior space for cables and hoses - no external cable trunking required
- Cover with hinge function on both sides for tool-free, rapid access
- Concealed 10 mm groove for mounting socket strips or installation elements
- Screw holes for mounting cover plates
- Mount points for dividing strips and grounding cables
- Mount for potential equalizer
- Closed exterior surface for a clean, ordered appearance

TECHNICAL DATA

Specification	Value
Cross-section	120 x 120 mm
Number of parts	2 (profile and cover)
Open slots	2
Minimum length	100 mm

Specification	Value
Maximum length	6000 mm
Profile adaptation	M12 in all core holes
Material	Aluminum, anodized
Delivery unit	1 piece
Recommended accessories	Self-tapping screw 3 842 552 267 (cover fastening), Potential equalizer line 3 842 552 234
