DESCRIPTION

The cable management profile 40x120x120 M12/M12 from Bosch Rexroth integrates cable and hose routing directly into the load-bearing aluminium structure, keeping installation clean and the exterior fully closed. The hinged cover opens from either side for fast access during operation without removing the profile from the frame.

- Concealed 10 mm groove for socket strips and installation elements
- Screw holes for mounting cover plates
- Mounts for dividing strips and grounding cables
- Mount for potential equalizer line
- All core holes M12-ready for direct integration into Rexroth profile systems
- Anodized aluminium - lightweight, corrosion-resistant
