

Stop Gate VE 5/D-1000-E for Transfer Systems - Bosch Rexroth 3842998924

Item no. BRR-3842998924

Manufacturer Bosch Rexroth

The Bosch Rexroth Stop Gate VE 5/D-1000-E separates workpiece carriers on transfer conveyor systems, enabling precise cycle-synchronous release. It prevents carrier collisions and back-pressure build-up in manual and automated assembly lines.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.1 kg**

DESCRIPTION

The Stop Gate VE 5/D-1000-E is a workpiece carrier separation module for Bosch Rexroth transfer conveyor systems. It holds incoming carriers in position and releases them individually on demand, eliminating congestion and collision risk along the conveyor line. At 0.1 kg, the unit adds negligible load to the installation and can be retrofitted quickly.

- Reliable carrier separation for smooth, cycle-synchronous transfer line operation
- Compact and lightweight at 0.1 kg - fast installation and easy retrofit
- Designed for the Bosch Rexroth VE 5/D transfer system series
- Reduces back-pressure load and protects carriers and products from damage
