

Stop Gate VE 5/OCD-1000-E - Bosch Rexroth 3842998925

Item no. BRR-3842998925

Manufacturer Bosch Rexroth

The Stop Gate VE 5/OCD-1000-E from Bosch Rexroth reliably separates workpiece carriers or parts on transfer systems with precise positioning. Designed for linked assembly and conveyor lines, it ensures controlled, cycle-accurate material flow.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.1 kg**

DESCRIPTION

The Stop Gate VE 5/OCD-1000-E is a stopping element from the Bosch Rexroth Assembly Technology range, designed to separate workpiece carriers individually on transfer belts and conveyor systems. It enables precise positioning and cycle-accurate release in automated assembly lines.

- **Reliable separation:** Controlled stopping and release of individual workpiece carriers in line with the production cycle.
- **Compact design:** Low weight of 0.1 kg simplifies integration into existing line sections.
- **System compatibility:** Designed for Bosch Rexroth transfer systems of the VE 5 series.
