

Lift Transfer Unit HQ 5/H - Bosch Rexroth 3842998928

Item no. BRR-3842998928

Manufacturer Bosch Rexroth

The Bosch Rexroth Lift Transfer Unit HQ 5/H lifts and transfers workpiece carriers from a main conveyor line to a parallel track or return circuit in size-5 transfer systems. The combined lift-and-traverse function eliminates the need for separate handling modules. Designed for integration into linked TS assembly lines.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.1 kg**

DESCRIPTION

The Lift Transfer Unit HQ 5/H combines vertical lift and lateral transfer in a single compact module for size-5 workpiece carrier systems. It raises a carrier out of the main line and moves it to a parallel line or return path - without additional handling equipment.

- Integrated lift and traverse function reduces floor space compared to separate modules
- Compatible with Bosch Rexroth TS transfer systems, size 5
- Low unit weight of 0.1 kg simplifies integration into existing assembly structures
