

Belt Section BS 2/C-250 - Bosch Rexroth 3842998934

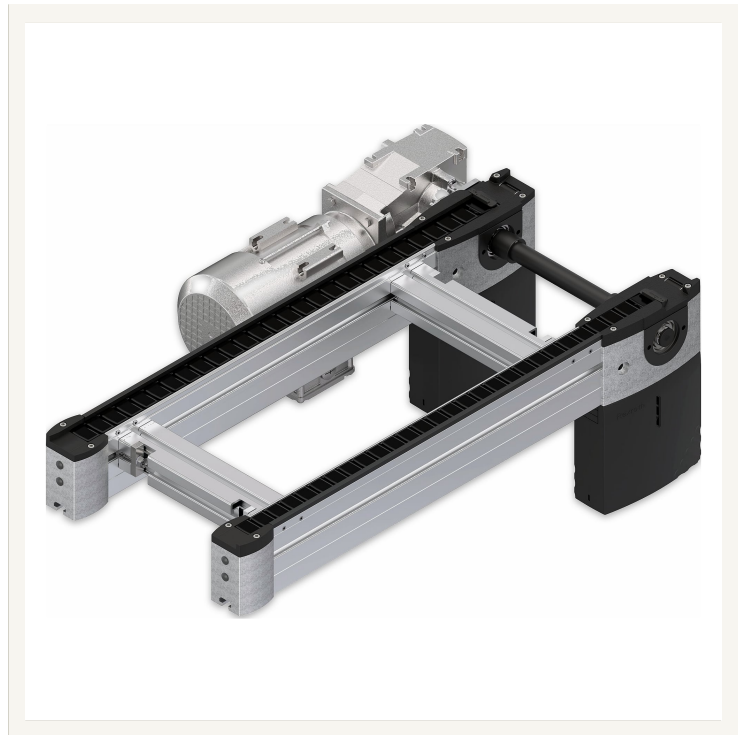

Item no. BRR-3842998934

Manufacturer Bosch Rexroth

Belt section for the Bosch Rexroth BS 2 conveyor system, variant C, 250 mm belt width. The module extends or completes existing BS 2 assembly line configurations and integrates into the standard system profile without special tooling. Suitable for lightweight workpiece carrier transport in linked assembly and manufacturing cells.

TECHNICAL DATA

Country of Manufacture	Germany
HS-Code	84283990
Weight	0.1 kg

DESCRIPTION

The Belt Section BS 2/C-250 is a track module for the Bosch Rexroth BS 2 belt conveyor system. It transports workpiece carriers within linked assembly lines where parts must be moved in continuous or indexed flow.

- System-compatible: fits the BS 2 profile structure without adapter components
- Variant C for specific track geometries within the BS 2 range
- Low dead weight (0.1 kg) simplifies installation and line reconfiguration
- 250 mm belt width accommodates standard workpiece carrier formats
