

Belt Section BS 2/R-H - Bosch Rexroth 3842998939

Item no. BRR-3842998939

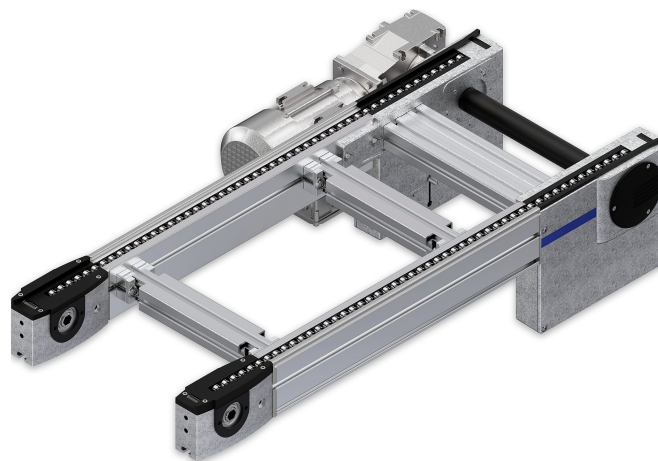

Manufacturer Bosch Rexroth

The BS 2/R-H belt section from Bosch Rexroth is a conveyor component for the modular BS 2 transfer system. It bridges distances within the assembly line and integrates directly with existing BS 2 installations. Designed for horizontal workpiece carrier transport in industrial assembly applications.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84283990**

Weight **0.1 kg**

DESCRIPTION

The BS 2/R-H belt section is a standard component within the Bosch Rexroth BS 2 transfer system range. It extends or supplements existing assembly lines, providing reliable workpiece carrier transport in flow production environments.

- Modular design for flexible line configuration
- Compatible with the Bosch Rexroth BS 2 transfer system
- Horizontal workpiece carrier conveyance
- Low weight of 0.1 kg for easy handling and installation
