

Drive Module AS 7/OC-3 - Bosch Rexroth 3842998966

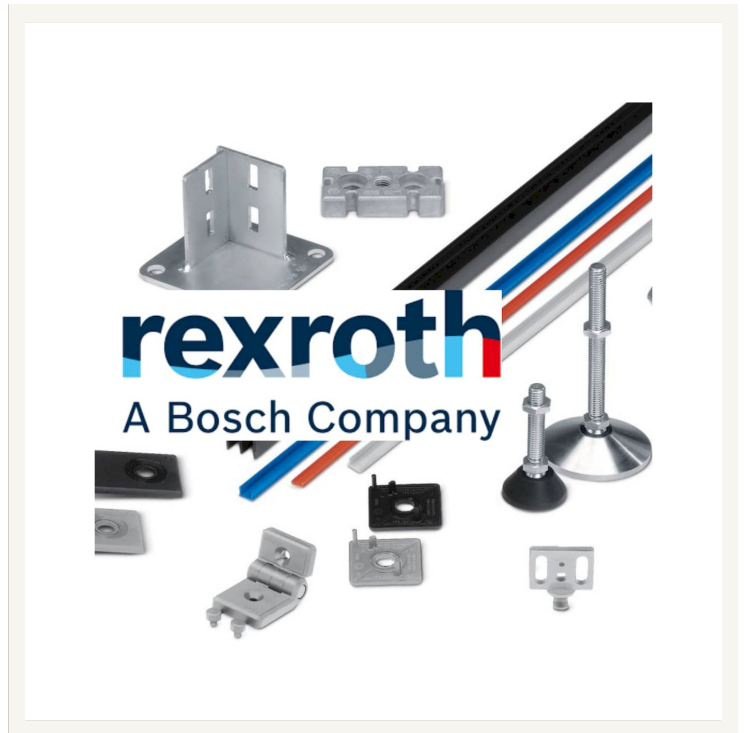

Item no. BRR-3842998966

Manufacturer Bosch Rexroth

The Bosch Rexroth Drive Module AS 7/OC-3 is a compact drive unit for modular transfer and assembly systems, designed to power conveyor belts and chain modules in automated production lines. Its standardised interfaces allow fast integration and straightforward replacement within Bosch Rexroth assembly technology configurations.

TECHNICAL DATA

Country of Manufacture	Germany
HS-Code	84313900
Weight	0.1 kg

DESCRIPTION

The Drive Module AS 7/OC-3 (art. 3842998966) by Bosch Rexroth is a drive component for modular conveyor and assembly transfer systems. It delivers reliable drive force to belt or chain conveyor sections and slots into Bosch Rexroth line layouts as a fully standardised system element.

- Standardised interfaces for fast installation and easy unit exchange
- Compact design suited to space-constrained line sections
- Built for continuous-duty operation in industrial assembly environments
- Compatible with the Bosch Rexroth modular assembly technology platform
