

Stop Gate VE 7/D-1000-2 - Bosch Rexroth 3842998971

Item no. BRR-3842998971

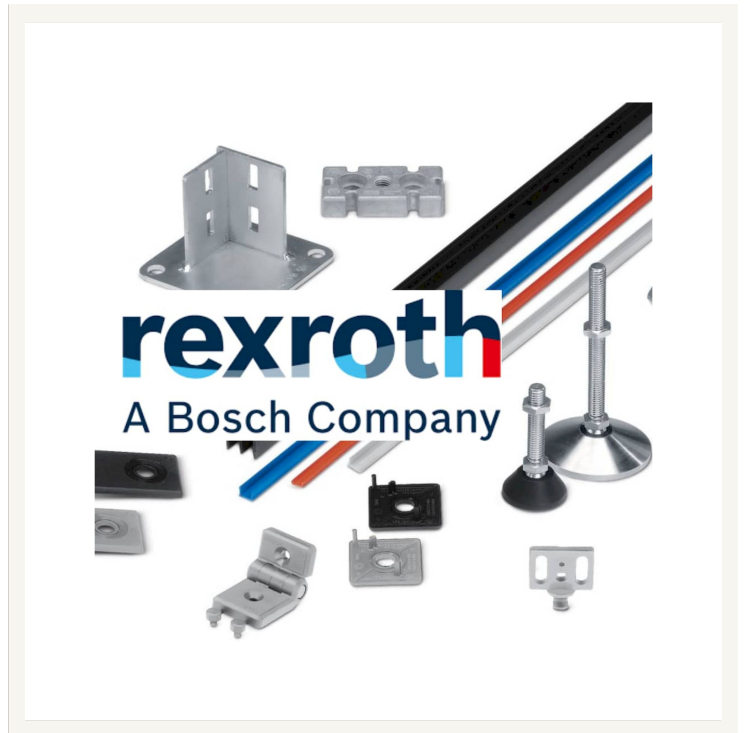

Manufacturer Bosch Rexroth

Stop gate for the VE 7/D transfer system, designed for workpiece carriers at 1000 mm system width. Reliably halts and individually releases carriers to maintain precise, cycle-accurate material flow on assembly lines.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.1 kg**

DESCRIPTION

The Stop Gate VE 7/D-1000-2 is a hold-and-release component for the Bosch Rexroth VE 7/D transfer system. It stops workpiece carriers at a system width of 1000 mm and releases them one at a time, ensuring orderly, cycle-synchronised flow in both manual and automated assembly environments.

- Precise stopping and individual release of workpiece carriers without manual intervention
- Matched to the 1000 mm system width of the VE 7/D transfer system
- Compact design and low weight (0.1 kg) for straightforward integration
- Typical application in indexing and accumulation lines in assembly and production technology
