

Curve KE 2/90 LS, 90-degree divert unit for Transfer System TS 2plus - Bosch Rexroth 3842999036

Item no. BRR-3842999036

Manufacturer Bosch Rexroth

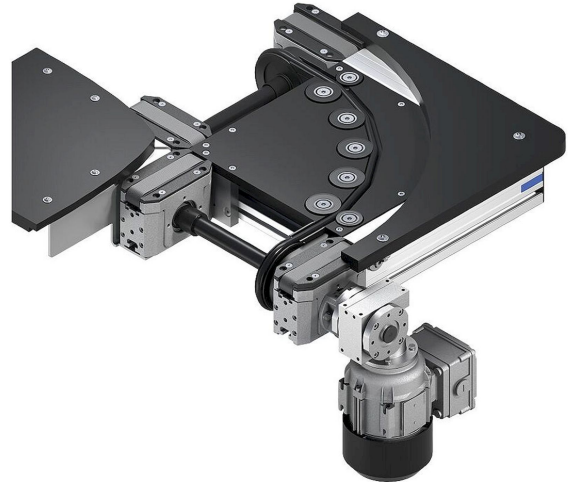

90-degree curve unit for the TS 2plus transfer system, supplied complete with drive motor. Handles workpiece pallets up to 20 kg total weight and is ESD-compliant. Preferred lengths in the direction of transport: 160 to 400 mm.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84283300**

Weight **0.1 kg**

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Curve KE 2/90 LS redirects workpiece pallets through 90 degrees within the TS 2plus transfer system, enabling L- or U-shaped line layouts without additional transfer modules. The unit is delivered partially assembled with the inner guide and motor included, simplifying on-site commissioning.

- ESD-compliant: safe use in electrostatically sensitive assembly and manufacturing environments
- Maximum workpiece pallet total weight of 20 kg for demanding load handling
- Preferred lengths in the direction of transport: 160, 240, 320 and 400 mm - aligned with standard TS 2plus line modules
- Note: drive torque MA = M applies only where width b is 320 mm or greater
- Recommended accessories: connection kits and section supports SZ 2/... for stable line integration
