

Absaugschlauch 1 m, Ø 75 mm, beidseitig 75-mm-Anschluss, hitzebeständig - Quick KCN75-75-1M

Item no. QCK-QUKCN75-75-1M

Manufacturer Quick

EAN 4250078320852

Heat-resistant, flexible extraction hose with Ø 75 mm and a 1 m extended length, with a 75 mm connection on both ends. Socket A 75 mm (f), socket B 75 mm (m); resistant to mechanical stress and designed for direct connection to a Quick filter station.

TECHNICAL DATA

Country of Manufacture	China
HS-Code	84219990990
Weight	0.1 kg

DESCRIPTION

The Quick KCN75-75-1M connects an extraction nozzle or table mount to the filter station and carries the solder fume away reliably. The Ø 75 mm hose is heat-resistant, highly resistant to mechanical stress and at the same time flexible to handle.

FEATURES

- Heat-resistant and mechanically robust
- Flexible handling
- 1 m extended overall length
- Socket A 75 mm (f), socket B 75 mm (m)

TECHNICAL DATA

Manufacturer part no.	KCN75-75-1M
Diameter	75 mm
Extended length	1 m
Socket A	75 mm (f)
Socket B	75 mm (m)

COMPATIBILITY

For direct connection to a Quick filter station, for example with extraction nozzle QUKHY1 or table

mount QUKCC50-75.

Origin: China.
