

Langhals-Bohrschleifer LBS/E 100W mit Stahlspannzangen - Proxxon 28485

Item no. PX-28485

Manufacturer Proxxon

EAN 4006274284852

LBS/E long neck straight drill/grinder with a 100 W DC special motor and variable speed from 5,000 to 22,000 rpm. The 75 mm long, slim spindle neck makes it ideal for internal grinding and work in slots, channels and bores.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	1.814 kg

DESCRIPTION

The LBS/E long neck straight drill/grinder has a die-cast aluminium head and a 75 mm long, slim spindle neck with a 20 mm MICROMOT collar. This makes it ideal for internal grinding and work in slots, channels and bores.

- **75 mm spindle neck:** for internal grinding and work in slots and channels.
- Double-row ball-bearing spindle of ground steel, lockable at the push of a button for tool changes.
- **100 W DC special motor** with variable speed control (full-wave electronics).
- Main housing of glass-fibre reinforced polyamide.

TECHNICAL DATA

- Voltage: 230 V
- Power: 100 W
- Speed: 5,000 - 22,000 rpm
- Length: 300 mm
- Weight: 630 g
- Insulated to class 2

Supplied with MICROMOT steel collets (one each 1.0 - 1.5 - 2.0 - 2.4 - 3.0 and 3.2 mm), a bit holder for rotating tools and a sturdy polypropylene storage case.
