

Cordless Long Neck Angle Grinder LHW/A 10.8 V set in case - Proxxon 29815

Item no. PX-29815

Manufacturer Proxxon

EAN 4006274298156

The LHW/A is a cordless long neck angle grinder with a 10.8 V lithium-ion battery and continuously variable speed from 5,000 to 16,000 rpm. It cuts, roughs, grinds and fine-grinds steel, non-ferrous metal, glass, ceramics, wood and plastic. Supplied with corundum, fan and cutting discs, the Li/A2 battery and the LG/A rapid charger in a case.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	2.203 kg

DESCRIPTION

The cordless long neck angle grinder LHW/A reaches remote spots with its long neck and works cordless for cutting, roughing, grinding and fine grinding. The variable electronics deliver high torque even in the lower speed range.

- **10.8 V lithium-ion, 5,000 to 16,000 rpm**, variably controlled.
- **At least 30 minutes of runtime** per battery charge even under high power.
- **Discs Ø 50 mm with 10 mm bore** for corundum, fan and cutting discs.
- **Die-cast aluminium gear head**, housing of glass-fibre reinforced polyamide with a soft component.
- **Complete starter equipment** with corundum grinding disc (grit 60), fan sander (grit 100) and reinforced cutting disc.

TECHNICAL DATA

- Voltage: 10.8 V
- Speed: 5,000 to 16,000 rpm
- Discs: Ø 50 mm, 10 mm bore
- Battery: lithium-ion, 2.6 Ah
- Length: 320 mm
- Weight: approx. 800 g (including battery)

Ideal for outdoor work and in places where a cable would get in the way.

Scope of delivery: LHW/A with corundum, fan and cutting discs, Li/A2 battery and LG/A rapid charger in a plastic case.
