

Modellbauer- und Gravierset MICROMOT 60/E 40W mit 34 Werkzeugen - Proxxon 28515

Item no. PX-28515

Manufacturer Proxxon

EAN 4006274285156

Complete set with the MICROMOT 60/E mill/drill unit, mains adapter and 34 industrial- and dental-quality bits and cutters. Variable speed control with feedback effect gives high engine power at low speeds. In a sturdy plastic case for model building, fine mechanics and engraving.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **2.156 kg**

DESCRIPTION

This complete set equips you for drilling, milling, grinding, polishing, brushing, cutting and engraving. At its heart is the MICROMOT 60/E mill/drill unit with variable speed control and high engine power at low speeds.

- **34 bits and cutters** of industrial and dental quality, including a diamond grinding bit, fine miller, 0.5 and 1mm micro-drills, brass brush, corundum grinding bits, polishing pad, grinding wheels and 20 cutting discs.
- **6 MICROMOT steel collets** from 1 - 3.2mm for perfectly concentric clamping of small shafts.
- **230V mains adapter** with 12V, 1A output included.
- Low safety voltage allows working with coolant for wet grinding and cutting.
- Everything securely stored in a sturdy plastic case.

TECHNICAL DATA

- Direct voltage: 12 - 18 V
- Power: 40 W
- Speed: 5,000 - 20,000rpm
- Length: 220 mm
- Weight: 230 g (unit)

For electronic hobbyists, model builders, fine mechanics, jewellers, opticians, artists and dental technicians. Works steel, precious metals, glass, ceramics, plastics and minerals.
