

Soldering tip knife (hoof) 45° 4.7 mm wide for 3202/376D/TS2200 - Quick 200-K

Item no. QCK-200-K

Manufacturer Quick

EAN 4250078322405

Long-life soldering tip from the 200 series for the Quick 3202, 376D and TS2200 soldering stations, straight, knife (hoof) 45° shape, 4.7 mm wide. Internally heated design with a ceramic heater and temperature sensor for precise temperature control. Suitable for lead-free and leaded soldering, long tip life, RoHS compliant.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	China
HS-Code	85159080900
Weight	0.1 kg

DESCRIPTION

Quick 200-K long-life soldering tip for the Quick 3202, 376D and TS2200 soldering stations. The knife (hoof) 45°, straight tip with 4.7 mm wide suits fine to medium soldering work on populated PCBs.

Quick 200 series tips are produced to tight manufacturing tolerances. The combination of a ceramic heater with temperature sensor and the internally heated design gives very precise control of the soldering temperature and consistently good results.

TECHNICAL DATA

- Tip series: 200
- Tip shape: knife (hoof) 45°
- Version: straight
- Tip diameter / width: 4.7 mm
- Suitable for lead-free and leaded soldering

COMPATIBILITY AND SCOPE OF DELIVERY

- Fits the Quick 3202, 376D and TS2200 soldering stations
- Tip series 200, interchangeable with other tips of the same series
- Scope of delivery: 1 Quick long-life soldering tip 200-K

RoHS compliant. Made in China.
