### DESCRIPTION

The Proxxon HSS twist drill set holds six drills from 1.5 to 4 mm, each fitted with a centring point. The point catches the drill straight away so it cannot wander and centre punching is no longer needed.

- **Six sizes covered:** one set for the most common small drilling diameters from 1.5 to 4 mm.
- **Centring point:** precise starting on the marked spot.
- **HSS steel:** suitable for drilling metal, plastic and wood.

### TECHNICAL DATA

- Diameter range: 1.5 to 4 mm
- Material: HSS
- Contents: 6 drills with centring point

Suitable for modelling, fine mechanics, electronics and general repair work.
