

Laboratory Flask Holder Set Stainless Steel for Insert Basket K 10 - Bandelin Sonorex ZF 10

Item no. BND-3524

Manufacturer Bandelin

Laboratory flask holder set ZF 10 in stainless steel for tilt-proof fixing of flasks in the insert basket. 8 holders as longitudinal and cross dividers, tool-free adjustable for flasks from 10 to 250 ml. Fits baskets K 10 and K 10 B.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **84799080**

Weight **0.358 kg**

DESCRIPTION

The Sonorex ZF 10 is a set of stainless steel laboratory flask holders for securely fixing flasks in insert baskets for SONOREX ultrasonic baths. The holders guarantee that the flasks stand securely during sonication and ensure optimal coupling to the contact liquid, so the ultrasound is transferred into the sample with low losses. The set comprises 8 holders, 5 of 155 mm and 3 of 215 mm.

BENEFITS

- Fixes laboratory flasks securely in the insert basket
- Set of 8 holders, 5 x 155 mm and 3 x 215 mm
- Mount as longitudinal and cross dividers via small hooks on the basket rim
- Compartment size adjustable tool-free for flasks from 10 to 250 ml
- Optimal coupling for low-loss ultrasound transfer
- Robust, bath-resistant stainless steel construction

TECHNICAL DATA

Order no.	3524
Scope of delivery	8 pieces (5 x 155 mm, 3 x 215 mm)
Material	Stainless steel
For flasks	10 to 250 ml

Weight

0.358 kg

APPLICATIONS

The ZF 10 supports sample preparation in the lab when samples in laboratory flasks are homogenised, extracted or degassed. The holders can be hooked in at any position on the basket rim and adapted quickly to the flask shape and size.

The ZF 10 fits the SONOREX insert baskets K 10 and K 10 B.
