

Diamond Cutting Disc Ø 20 mm with Cooling Holes, incl. Arbor - Proxxon 28844

Item no. PX-28844

Manufacturer Proxxon

EAN 4006274288447

Diamond-coated cutting disc with a 20 mm diameter for clean cuts in hard materials such as glass, ceramic and hardened steel. The cooling holes dissipate heat and keep the disc running cool. Supplied with a matching arbor for use in MICROMOT tools.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.007 kg**

DESCRIPTION

This diamond-coated cutting disc is built for precise cuts in very hard materials where standard discs wear out quickly.

- **Diamond coating** for cutting glass, ceramic, stone and hardened steel.
- **Cooling holes** dissipate heat and extend disc life.
- Complete with arbor for direct mounting in MICROMOT drill/grinders.

TECHNICAL DATA

- Diameter: 20 mm
- With cooling holes
- Scope of delivery: cutting disc and 1 arbor

Ideal for fine cutting work in model making, jewellery and precision mechanics, and for repairs on hard materials.
