Manufacturer Proxxon

EAN 4006274290648

Slim needle-shaped rasp cutter 4 x 19 mm with embedded metal tips for removal in tight areas of wood, plastic and soft materials on MICROMOT rotary tools.

TECHNICAL DATA

Ausführungsklasse **TEC**Country of Manufacture **Germany**Weight **0.008 kg**

DESCRIPTION

Rasp cutter with embedded metal tips in a slim needle shape, 4 x 19 mm, for Proxxon MICROMOT drill/grinders. The narrow shape reaches tight spots and recesses, while the tips remove soft materials quickly.

- Embedded metal tips for high material removal
- Slim needle shape for tight areas
- Low clogging on soft materials

TECHNICAL DATA

- Shape: needle
- Dimensions: 4.0 x 19 mm
- Design: with metal tips

For removing and shaping wood and plastic on Proxxon MICROMOT tools.
