DESCRIPTION

Socket with 10 mm width across flats and 1/4" female square drive for use with a ratchet, extension or screwdriver handle. Made from tough chrome-vanadium (CrV) steel for high load capacity.

- **Six-point profile** for a secure grip on hex bolts and nuts
- **CrV steel** with high strength and long service life
- **1/4" female square** compatible with the whole Proxxon 1/4" socket range

TECHNICAL DATA

- Drive: 1/4" (6.3 mm) female square
- Width across flats: 10 mm
- Profile: six-point
- Material: chrome-vanadium steel (CrV)
- Total length: 25 mm

Ideal for assembly and repair work in model making, precision mechanics and the workshop. Combines with extensions, a universal joint or a T-bar from the same system.
