

1/4" Deep Socket 9 mm 50 mm long - Proxxon 23776

Item no. PX-23776

Manufacturer Proxxon

EAN 4006274237766

Deep socket with 9 mm width across flats and 1/4" female square drive. At 50 mm long it reaches nuts on long protruding threaded bolts. Made from tough chrome-vanadium steel.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.032 kg

DESCRIPTION

Deep socket with 9 mm width across flats. The 50 mm total length lets it fit over nuts on long protruding threaded bolts, such as stud bolts.

- **Deep design (50 mm)** for long protruding threaded bolts
- **Six-point profile** for a secure fit on bolts and nuts
- **CrV steel** for high load capacity and long service life

TECHNICAL DATA

- Drive: 1/4" (6.3 mm) female square
- Width across flats: 9 mm
- Profile: six-point
- Material: chrome-vanadium steel (CrV)
- Total length: 50 mm

Part of the complete Proxxon 1/4" socket system and combines with extensions, a universal joint or a T-bar.
