

3/8" Allen Socket Bit HX 4 mm, 50 mm - Proxxon 23575

Item no. PX-23575

Manufacturer Proxxon

EAN 4006274235755

Allen socket bit with 3/8" square drive and 4 mm hex blade, 50 mm long, for driving hexagon socket screws with a ratchet. The chrome-silicon-manganese-molybdenum blade sits in a CrV steel base for high torque transfer.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.042 kg

DESCRIPTION

The 3/8" Allen socket bit HX 4 mm joins a 4 mm hexagon blade firmly to a 3/8" square base. This lets you tighten and loosen hexagon socket screws directly with a 3/8" ratchet instead of an L-key.

- **Chrome-silicon-manganese-molybdenum blade:** high strength for transmitting torque through the hex.
- **CrV steel base:** sturdy 3/8" square drive, fits Proxxon 3/8" ratchets and extensions.
- **50 mm length:** reaches recessed screws as well.

TECHNICAL DATA

- Drive: 3/8" square
- Profile: hexagon socket HX
- Width across flats: 4 mm
- Length: 50 mm
- Blade: chrome-silicon-manganese-molybdenum steel
- Base: CrV steel

Suited to repair, assembly and machine building wherever hexagon socket screws are driven with a ratchet.
