

1/2" Deep Socket 19 mm CrV, 79 mm - Proxxon 23364

Item no. PX-23364

Manufacturer Proxxon

EAN 4006274233645

Deep socket 19 mm with 79 mm overall length for long protruding bolts. Made of chrome-vanadium steel with 1/2" square drive for high torque. Reaches nuts where the threaded bolt protrudes far.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.195 kg

DESCRIPTION

The deep socket 19 mm grips nuts on long protruding threaded bolts where a standard socket cannot reach.

- **19 mm across flats**, hexagon profile for a secure fit
- **79 mm overall length** for long protruding bolts and studs
- Made of **chrome-vanadium steel (CrV)** for high load capacity
- 1/2" square drive compatible with ratchets and extensions

TECHNICAL DATA

- Drive: 1/2" square
- Across flats: 19 mm
- Overall length: 79 mm
- Profile: hexagon
- Material: chrome-vanadium steel (CrV)

For fastenings with long threaded bolts in automotive, machine and plant engineering.
