

1/2" External TX Socket E 10 - Proxxon 23380

Item no. PX-23380

Manufacturer Proxxon

EAN 4006274233805

1/2" socket for external Torx bolts of size E 10. Made from tough chrome-vanadium steel and built for use with ratchets, extensions and torque wrenches in the 1/2" drive system.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.056 kg

DESCRIPTION

The 1/2" external TX (E-Torx) socket E 10 grips external Torx bolts of size E 10 positively and transmits torque reliably in the 1/2" drive system.

- **External TX profile E 10:** secure form fit on external Torx fasteners.
- **Chrome-vanadium steel:** tough and wear-resistant for workshop use.
- **1/2" drive:** combines with ratchets, extensions and torque wrenches.

TECHNICAL DATA

- Drive: 1/2" (12.5 mm) square
- Profile: external TX (E-Torx) E 10
- Material: chrome-vanadium steel (CrV)

Suitable for use with 1/2" ratchets, extensions, universal joint and torque wrenches in workshop, automotive service and assembly.
