

1/2" Vielzahn-Einsatz VZ 14 XZN, 55 mm lang - Proxxon 23327

Item no. PX-23327

Manufacturer Proxxon

EAN 4006274233270

Spline socket bit VZ 14 with 1/2" drive for loosening and tightening XZN screws. The chrome-silicon-manganese-molybdenum steel blade transmits torque with a positive fit and low wear, while the base is made of CrV steel.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.096 kg

DESCRIPTION

The VZ 14 spline socket bit fits 1/2" ratchets and torque wrenches and engages XZN screws across the full flank length, which helps to prevent slipping even at high tightening torque.

- Blade made of chrome-silicon-manganese-molybdenum steel for high torque transmission
- Base made of CrV steel with 1/2" square drive
- Overall length 55 mm for accessible and recessed screws

TECHNICAL DATA

- Drive: 1/2"
- Profile: XZN spline VZ 14
- Length: 55 mm
- Blade material: chrome-silicon-manganese-molybdenum steel
- Base material: CrV steel

Suitable for engine and chassis work and wherever XZN screws are driven with a 1/2" ratchet.
