

Schraubersatz 1/4" mit knickbarem Ratschen-Schraubendreher, 54-tlg. - Proxxon 23104

Item no. PX-23104

Manufacturer Proxxon

EAN 4006274231047

54-piece screwdriver set with foldable ratchet screwdriver and Autolock system. Includes 1/4" bits in 25 and 80 mm lengths plus ten sockets (5.5 to 13 mm). The ratchet handle folds to an angle and switches between clockwise and anticlockwise.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	1.461 kg

DESCRIPTION

A complete driving kit in one box: the foldable ratchet screwdriver works in straight and angled positions, while bits and sockets cover most workshop tasks.

- **Foldable ratchet screwdriver** with push-button locking, reverse lever for CW/CCW, centre position disables the ratchet
- **Autolock system:** bits are fixed automatically by spring and magnet
- **23 bits at 25 mm** and **16 extra-long bits at 80 mm** for blind holes: flat, PH, PZ, TX (frontal hole), HX
- **10 sockets 1/4"** from 5.5 to 13 mm
- Bits made of chrome-molybdenum-silicon-manganese-vanadium special steel, accurate and wear resistant
- Magnetic holder for electric screwdriver or drill, adapter with male and female fittings
