### DESCRIPTION

Allen keys with a ball head on the long arm: the screw can be engaged at an angle and reached even where there is no straight access.

- **Hex ball head on the long arm** for angled engagement of up to about 25 degrees
- **Chamfered short arm** for clean engagement at high torque
- **Chrome vanadium steel** for strength and wear resistance
- Nine sizes: 1.5 / 2.0 / 2.5 / 3.0 / 4.0 / 5.0 / 6.0 / 8.0 and 10 mm
- Handy folding holder keeps the keys organised
