

SlimLine Combination Spanner 30 mm DIN 3113 - Proxxon 23930

Item no. PX-23930

Manufacturer Proxxon

EAN 4006274239302

Single SlimLine combination spanner in size 30 mm to DIN 3113 and ISO 3318. The ring head is offset by 15° for easy access to recessed fasteners. Despite its slim, thin-walled design, torque characteristics exceed DIN/ISO requirements.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.491 kg

STANDARDS & COMPLIANCE

ISO 3318 DIN 3113

DESCRIPTION

The SlimLine combination spanner 30 mm pairs a flat open-end jaw with a ring head offset by 15° to DIN 3113 and ISO 3318, so it reaches fasteners in tight or recessed positions.

- **High load capacity:** carefully hardened and tempered, torque characteristics exceed DIN/ISO requirements.
- **Corrosion protection:** double nickel-plated and single chrome-plated, with a smooth, skin-friendly finish.
- **Clearly readable:** durable laser-inscribed size 30 mm.
- **Calibrated:** dimensional tolerances tighter than DIN/ISO, each piece individually checked.

TECHNICAL DATA

- Size: 30 mm
- Overall length: approx. 340 mm
- Ring head offset 15°
- Standard: DIN 3113 / ISO 3318
- Finish: double nickel-plated, single chrome-plated

Suitable for continuous professional use in workshop, assembly and maintenance.
