DESCRIPTION

This SlimLine set covers the 6 - 21 mm range with 15 spanners and adds the ISO sizes 16, 18 and 21 mm. Each is made to DIN 3113 and ISO 3318 with a ring head offset by 15°.

- **Order in the holder:** every spanner has a fixed place in the plastic base, which can be wall-mounted.
- **High load capacity:** hardened and tempered, torque characteristics above DIN/ISO requirements.
- **Corrosion protection:** double nickel-plated, single chrome-plated, skin-friendly finish.
- **Clearly readable:** durable laser-inscribed sizes.
- **Calibrated:** tolerances tighter than DIN/ISO, each piece checked.
