Ausführungsklasse **TEC**Country of Manufacture **Germany**Weight **0.208 kg**

STANDARDS & COMPLIANCE

ISO 3318 DIN 838

DESCRIPTION

The SlimLine double ring spanner 16 x 17 mm has a closed ring head at each end to DIN 838 and ISO 3318. The ring grips the bolt all around and transfers torque while protecting the corners.

- **High load capacity:** hardened and tempered, torque characteristics exceed DIN/ISO requirements.
- **Corrosion protection:** double nickel-plated, single chrome-plated, skin-friendly finish.
- **Clearly readable:** durable laser-inscribed sizes 16 x 17 mm.
- **Calibrated:** dimensional tolerances tighter than DIN/ISO, each piece checked.
