

Speeder Ratchet Spanner 6 x 7 mm with Reversible Ratchet - Proxxon 23201

Item no. PX-23201

Manufacturer Proxxon

EAN 4006274232013

SPEEDER ratchet spanner in size 6 x 7 mm with reversible ring mechanism of CrV steel. The 25° offset head allows fast work without repositioning, even in tight spaces.

TECHNICAL DATA

Ausführungsklasse **TEC**Country of Manufacture **Germany**Weight **0.07 kg**

DESCRIPTION

Single SPEEDER ratchet spanner in size 6 x 7 mm for fast work in confined areas. The ring end acts as a reversible ratchet so the spanner does not have to be repositioned while turning.

- Reversible ratchet mechanism with CrV steel inner ring gear
- Head offset by 25° for better access and handling
- Open gap lets long bolts pass through when tightening the nut

TECHNICAL DATA

- Size: 6 x 7 mm
- Ring gear material: CrV steel
- Head offset: 25°
- Function: reversible ratchet

For full professional use. Complements the SPEEDER ratchet spanner set and suits any job where space is limited.
