

RP 50 VU. Mini vacuum regulator, M 5, -0,35 to 0 bar

Item no. FL-RP-50-VU

Manufacturer Fluidics equipment

EAN 4050571604530

Mini vacuum regulator, M 5, -0,35 to 0 bar

TECHNICAL DATA

HS-Code 84811099

Weight 0.06 kg

DESCRIPTION

Application:

Precision vacuum regulators made of plastic, with high pressure stability, small dimensions and light weight.

Materials:

Body: Polysulfone, acetal, stainless steel, seals: NBR

Temperature range:

+4 to +66 °C

Control accuracy:

± 2.5 mbar

Thread	M 5
Suction performance [m³/h]	1,32
Suction performance [l/min]	22
Pressure regulation range [bar]	-0.35 to 0
