

FLEX-DOT Allen screwdriver with ball head HX 8 mm, 150 mm blade - Proxxon 22216

Item no. PX-22216

Manufacturer Proxxon

EAN 4006274222168

Allen screwdriver with ball head for HX 8 mm hexagon socket screws and a 150 mm blade. The ball head lets you reach awkward screws at a working angle of up to 25°. The FLEX-DOT two-component handle delivers fatigue-free work and high torque.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.186 kg

DESCRIPTION

This Proxxon FLEX-DOT screwdriver drives hexagon socket (Allen) screws of HX 8 mm. Thanks to the ball head, even hidden or angled screws can be engaged at a working angle of up to 25 degrees.

- **Ball head:** drives hard-to-reach screws at an angle of up to 25 degrees.
- **Special steel blade:** matte-chrome shaft of chrome-silicon-manganese-molybdenum alloy steel for high load capacity.
- **FLEX-DOT handle:** rounded two-component grip with flexible nubs for a secure hold and comfortable fast turning.
- **Transverse hole:** for hanging up the tool or applying a lever for more torque.
- **Laser marking:** permanently legible size marking on the shaft.

TECHNICAL DATA

- Drive size: HX 8 mm
- Blade length: 150 mm
- Blade material: chrome-silicon-manganese-molybdenum special steel, matte chrome plated
- Head shape: ball head, working angle up to 25 degrees
- Handle: FLEX-DOT two-component grip
- Suitable for continuous professional use

Ideal for assembly and maintenance in machine, vehicle and model building wherever hexagon socket screws have to be turned reliably, even in tight spaces.
