

MICRO-DRIVER Schraubendrehersatz, 15-teilig im Halter - Proxxon 28148

Item no. PX-28148

Manufacturer Proxxon

EAN 4006274281486

Fifteen-piece precision screwdriver set with blades of nickel-chrome-molybdenum steel (SAE 8660) for high hardness and toughness. A revolving top and finger mould on the two-component handle allow precise, low-fatigue driving. In a plastic stand for desktop or wall mounting.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.398 kg

DESCRIPTION

The MICRO-DRIVER set brings together 15 precision screwdrivers with the common profiles in a practical stand. The blades of high-alloy nickel-chrome-molybdenum steel (SAE 8660) are chrome-plated with a brinelled tip for a secure fit in the screw head.

- **SAE 8660 steel blades:** high hardness and toughness for lasting use.
- **Revolving top and finger mould:** precise turning with controlled pressure.
- **Two-component handle:** impact, oil and acid resistant, with soft zone in the grip area.
- **Fixed storage:** stand with a place for each size, as a desk stand or wall-mounted.

TECHNICAL DATA

- Scope: 15 screwdrivers in a stand
- Flat-blade: 1, 2, 3 mm, blade length 50 mm each
- Phillips: PH 000, PH 0, PH 1, blade length 50 mm each
- TX: 5, 6, 8, 10, 15, blade length 50 mm each
- HX: 1.5, 2, 2.5, 3 mm, blade length 50 mm each
- Blade steel: nickel-chrome-molybdenum (SAE 8660), chrome-plated

For precision mechanics, electronics, model making and repair work on small screws.
