

Battery Set 18500 Li-Ion 2 Units for speedE Electric Screwdriver - Wiha 41914

Item no. WH-41914

Manufacturer Wiha

EAN 4010995419141

The Wiha battery set contains two 18500 Li-ion batteries (3.7 V / 1,500 mAh) for the speedE electric screwdriver. An integrated protection circuit guards each battery against overcharging, deep discharge, overcurrent and short circuits, extending overall service life.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	China
HS-Code	85076000
Weight	0.075 kg

DESCRIPTION

Replacement and supplementary set with two 18500 Li-ion batteries for use in the Wiha speedE electric screwdriver. Each battery operates at 3.7 V with a capacity of 1,500 mAh (5.55 Wh), allowing multiple work sessions between charges. The integrated protection circuit protects against the most common stresses for lithium batteries and maintains capacity over time.

BENEFITS

- Two batteries in one set: always have a charged battery at hand
- Protection circuit against overcharging, deep discharge, overcurrent and short circuits
- 1,500 mAh capacity per battery for extended operation
- Compatible with the Wiha speedE electric screwdriver

TECHNICAL DATA

- Packaging dimensions: 108 x 50 x 25 mm (L x W x D)
- Battery type: 18500 Li-ion
- Voltage: 3.7 V
- Capacity: 1,500 mAh / 1.5 Ah
- Energy: 5.55 Wh
- Battery weight: 39.6 g
- Lithium content: less than 0.9 g
- Number of cells: 2

- Batteries included: Yes

APPLICATIONS

Replacement batteries for the Wiha speedE electric screwdriver. The set enables uninterrupted operation by charging one battery while the other is in use.

Made in China. HS code: 8507.60.00.
