

Electrician Spirit Level 40 cm, Width 56 mm - Wiha 42074

Item no. WH-42074

Manufacturer Wiha

EAN 4010995420741

The Wiha electrician's spirit level 42074 is designed for accurate horizontal and vertical marking of flush-mounted box positions. Its end-to-end casing allows uninterrupted line marking, and both bubbles remain visible even from a sharp angle. Sliding distance markers cover up to four flush boxes and can be adjusted to local regulations.

TECHNICAL DATA

Ausführungsklasse TEC

HS-Code 90318020

Weight 0.3 kg

DESCRIPTION

Installing socket outlets flush in walls or floors requires precise spacing. The Wiha electrician's spirit level 42074 addresses the most common on-site frustrations: no notches interrupt a line when marking, and the cleverly angled bubble vials can be read clearly even when the user is looking down from an acute angle.

BENEFITS

- Uninterrupted line marking thanks to a continuous, groove-free casing
- Clear bubble visibility from a sharp angle - ideal when installing sockets at floor level
- Variable distance marks for up to 4 flush-mounted boxes, adjustable to local standards
- Two cleverly positioned linear scales for comfortable measurement from above
- Compact form fits in the Wiha electrician's carry case

TECHNICAL DATA

- Overall length: 400 mm
- Width: 56 mm
- Product dimensions (LxWxD): 440 x 65 x 25 mm
- Application: horizontal and vertical measurement and marking of flush box spacing
- No battery required

APPLICATIONS

For electricians fitting socket outlets and flush-mounted boxes precisely, whether at standard height or close to the floor. Sliding marking points adapt to the spacing requirements of different national regulations, making the level suitable for international use.

Manufactured in Hungary (HUN). HS code: 90318020.
