

Electrician's Hammer 300 g U-shaped Striking Surface, 283 mm - Wiha 42071

Item no. WH-42071

Manufacturer Wiha

EAN 4010995420710

Wiha's electrician's hammer with a 300 g head and U-shaped striking surface provides optimum access in corners and confined wall areas where conventional hammers cannot reach cleanly. Flat, straight claws remove nail clamps even in hard-to-reach spots, while the flat handle end places cables and dowels without wall damage.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Taiwan
HS-Code	82052000
Weight	0.5 kg

DESCRIPTION

Balanced weight distribution at 283 mm overall length reduces fatigue during extended installation sessions. The ergonomically designed, non-slip handle gives confident grip and control when striking.

BENEFITS

- U-shaped striking surface for optimum access in confined spaces and corners - less surface damage than conventional hammers
- Flat, straight claws for removing nail clamps in hard-to-reach locations
- Flat handle end for damage-free placement of cables and dowels on wall surfaces
- Balanced weight distribution for fatigue-free work at 283 mm overall length
- Ergonomic non-slip handle for secure grip when striking

TECHNICAL DATA

- Hammer head weight: 300 g
- Overall length: 283 mm
- Hammer head height: 23.9 mm
- Packaging dimensions: 380 x 140 x 30 mm

APPLICATIONS

Removing nail clamps and nails, placing cables and dowels during electrical installation in confined working environments. Manufactured in Taiwan.
