

Automatic Stripping Tool 0.03-16 mm², 200 mm - Wiha 42062

Item no. WH-42062

Manufacturer Wiha

EAN 4010995420628

Wiha's automatic stripping pliers combine three operations in one: cutting flexible conductors to length up to 16 mm² (rigid up to 6 mm²), skinning and stripping cables from 0.03 to 16 mm². The adjustable length stop from 5 to 12 mm delivers repeatable strip lengths in fast-paced wiring tasks.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	82033000
Weight	0.205 kg

DESCRIPTION

Particularly quiet operation and an insertable damper that absorbs recoil when stripping larger cross-sections from 6 mm² protect wrist joints during prolonged use. A spare cutting insert is stored in the handle, ready when needed. Once the handles are locked, the pliers travel securely on site.

BENEFITS

- Three functions in one tool: cut to length, skin and strip - range 0.03 to 16 mm²
- Adjustable length stop 5-12 mm for repeatable, precise strip lengths
- Insertable damper reduces recoil when stripping large cable cross-sections from 6 mm²
- Automatic closing function prevents accidental damage to adjacent conductors in cable assemblies
- Changeable cutting insert stored in handle - always to hand

TECHNICAL DATA

- Stripping range: 0.03-16 mm² (32-5 AWG)
- Cut to length: flexible conductors up to 16 mm², rigid up to 6 mm²
- Overall length: 200 mm (8")
- Product dimensions: 200 x 78 x 20 mm

APPLICATIONS

For cable stripping, skinning and cutting to length in electrical installation, switchgear construction

and building wiring. Manufactured in Germany.
