DESCRIPTION

Electricians who cut cables and wires to length every day appreciate any reduction in wrist strain. The DynamicJoint® pivot on the Wiha Professional electric transfers hand force via an optimized lever ratio to the cutting edges, enabling up to 40% greater cutting force. The switchable opening spring and high-quality chrome surface make this cutter a long-lasting tool for daily work on live parts.

BENEFITS

- Up to 40% greater cutting force via DynamicJoint® joint design
- Switchable opening spring for fatigue-free work in continuous use
- VDE-certified to IEC 60900 - safe working up to 1,000 V AC
- High-quality chrome-plated surface for lasting corrosion protection
- Semi-circular head for a clean, burr-free cut edge
- Ergonomic two-component handle for comfortable use
