

PocketStar TORX L-Key Set 7-pcs., 95 mm Folding Holder - Wiha 23051

Item no. WH-23051

Manufacturer Wiha

EAN 4010995230517

The compact PocketStar L-key set with 7 TORX blades (T7 to T25) fits any tool bag: the fiberglass-reinforced folding holder measures just 95 x 34 x 27 mm. Single-blade selection via opening button, usable as T-handle or inline screwdriver, ideal for mobile use and workshop.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Poland
HS-Code	82054000
Weight	0.103 kg

DESCRIPTION

The smaller PocketStar covers fine TORX sizes T7 to T25 and is particularly handy thanks to the 95 mm folding holder. The opening button prevents the other blades from swinging when selecting one. Work positions between 90° and 270° are freely selectable; at 270° the folding holder provides a lever arm for greater torque, and at 180° it works as a screwdriver.

BENEFITS

- Compact format 95 x 34 x 27 mm - ideal for the tool bag
- Individual blade selection via opening button - no back-swinging of other blades
- Usable as T-handle or inline screwdriver - adapts to the task
- TORX sizes T7 to T25 for fine fastening in electronics and precision mechanics
- 270° position with lever arm for higher torques

TECHNICAL DATA

- Housing dimensions: 95 x 34 x 27 mm (L x W x D)
- Housing: fiberglass-reinforced plastic, ergonomic shape
- Blades: T7, T8, T9, T10, T15, T20, T25
- Number of pieces: 7
- Weight: 103 g
- EAN: 4010995230517

APPLICATIONS

For TORX fastening in electronics, precision mechanics, and assembly wherever small to medium TORX sizes are needed. Suitable for mobile use and workshop. Made in Poland (HS 82054000).
